INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying consolidated financial statements of Independent Insurance Agents of North Carolina, Inc. (a not-for-profit organization) and affiliates, which comprise the consolidated statement of financial position as of August 31, 2019, and the related consolidated statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Independent Insurance Agents of North Carolina, Inc. and affiliates, as of August 31, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

1. <u>Significant Accounting Policies</u>

A. Nature of Activities:

Independent Insurance Agents of North Carolina, Inc. ("Association") is an association of independent insurance agencies in the State of North Carolina. It provides its members with education programs, industry representation, and member services. It is a member of the Independent Insurance Agents and Brokers of America (IIABA).

The Association organized a wholly-owned, for-profit subsidiary, Independent Insurance Agents of North Carolina Member Services, Inc. ("Corporation") in September 2010. The Corporation provides various insurance products and advertising opportunities to members of the Association.

The Association elects the board of directors and approves the chairman and vice chairman of IIANC Education Foundation ("Foundation"). The Foundation is a non-profit corporation organized under Section 501(c)(3) of the Internal Revenue Code to assist, support, and benefit the Association with respect to the promotion and development of insurance education in North Carolina.

Collectively, the Association, Corporation, and Foundation are called "the Organization" in these consolidated financial statements.

B. Principles of Consolidation:

The consolidated financial statements include the accounts of the Association, Corporation (inclusive of ifinance, a single-member LLC) and Foundation. All significant inter-organization transactions have been eliminated in consolidation.

C. Basis of Presentation:

The Association follows standards for external financial reporting by not-for-profit organizations that requires its resources be classified for accounting and reporting purposes into two net asset categories according to externally imposed restrictions. Accordingly, net assets of the Association and changes therein may be classified and reported as follows:

<u>Net Assets Without Donor Restrictions</u>--Net assets without donor restrictions are available for use at the discretion of the Board and/or management for general operating purposes. From time to time the Board may designate a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion.

<u>Net Assets With Donor Restrictions</u>—Net assets with donor restrictions consist of assets whose uses is limited by donor-imposed, time and/or purpose restrictions.

The Association reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the statements of activities as net assets released from restrictions.

D. Accounting Estimates:

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Accordingly, actual results could differ from those estimates.

1. <u>Significant Accounting Policies (Continued)</u>

E. Cash and Cash Equivalents:

For purposes of reporting the consolidated statements of cash flows, cash and cash equivalents are defined as checking and savings accounts, money market deposits, and certificates of deposit with original maturities of less than ninety days, excluding cash equivalents held as part of the Organization's investment portfolio, which are classified as investments.

F. Investments:

Investments in equity securities and money market funds with readily determinable fair value are measured at fair value in the consolidated statement of financial position. Gains and losses are determined using the specific identification method.

G. Accounts Receivable:

Accounts receivable consists of amounts due for member group insurance premiums and program fees. Uncollectible amounts are written off when deemed uncollectible by management. The allowance for doubtful accounts is \$6,000 at August 31, 2019.

H. Property and Equipment:

Property and equipment is recorded at cost and depreciation is computed using the straight line and accelerated methods over the estimated useful lives of the assets. The Organization utilizes a capitalization threshold of \$1,000.

I. Deferred Revenue and Revenue Recognition:

Membership dues and program revenues collected in advance are recorded as deferred revenue and recognized as income in the period earned. Membership dues are recognized as revenue in the applicable membership period. Registration fees for continuing education courses and other events are recognized as revenue when the course or event is held. Revenues from group insurance products and errors and omissions insurance are recognized as revenue on the effective date of the policies.

J. Income Taxes:

The Association is exempt from Federal and state income taxes under Section 501(c)(6) of the Internal Revenue Code. The Association's primary activity subject to taxation is excess lobbying expenses, and there was no tax due for the year ended August 31, 2019.

The Corporation is a C corporation and its primary activities subject to taxation include advertising and commissions. A provision for federal and state income taxes is included in the accompanying consolidated financial statements. The Corporation had a deferred tax asset of \$30,485 as of August 31, 2019. The single member LLC is a disregarded entity for income tax filing purposes.

The Foundation is exempt from Federal and state income tax under Section 501(a) of the Internal Revenue Code and is classified under Section 501(c)(3) as a public charity. The Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi) and has been classified as an organization other than a private foundation under Section 509(a)(2).

It is the Organization's policy to evaluate all tax positions to identify those that may be considered uncertain. All identified material tax positions are assessed and measured by a "more-likely-than not" threshold to determine if the benefit of any uncertain tax position should be recognized in the consolidated financial statements. Any changes in the amount of a tax position are recognized in the period the change occurs. The Organization believes there is appropriate support for any tax positions taken, and as such, do not have any uncertain tax positions that are material to the consolidated financial statements.

1. <u>Significant Accounting Policies (Continued)</u>

The Association, Corporation and Foundation file their related Forms 990 and 1120 in the U.S. Federal jurisdiction and with the North Carolina Department of Revenue. These returns are subject to examination by the Internal Revenue Service and state tax authorities for a period of three years after the respective filing deadlines.

K. Advertising Costs:

The Organization expenses advertising costs as incurred. Advertising costs for the year ended August 31, 2019 was \$132,194.

L. Adoption of New Accounting Pronouncement:

For the year ended August 31, 2019, the Association adopted the Financial Accounting Standards Board's Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. This guidance is intended to improve the net asset classification requirements and the information presented in the financial statements and notes about a not-for-profit entity's liquidity, financial performance, and cash flows. A key change required by ASU 2016-14 are the net asset classes used in these financial statements wherein amounts previously reported as unrestricted net assets are now reported as net assets without donor restrictions and amounts previously reported as temporarily restricted net assets and permanently restricted net assets, if applicable, are now reported as net assets with donor restrictions. The guidance also enhances disclosures for board designated amounts, composition of net assets without donor restrictions, liquidity, and expenses by both their natural and functional classification.

2. <u>Investments</u>

Investments are summarized as follows at August 31, 2019:

| |] | Historical | | Fair | ι | Inrealized |
|-------------------------------------------------|-----|------------|-----|-----------|-----|------------|
| | | Cost | | Value | | Gain |

The Association invested \$120,000 in restricted Class B shares of Big I Reinsurance Company (BIRC) during 2009. The purpose of BIRC is to provide reinsurance for professional liability insurance which is written under the National Program of IIABA.

The Corporation acquired a one-third interest in Independent Market Solutions, LLC during the year ended August 31, 2015 through capital contributions, and it accounts for the investment using the equity method. The purpose of Independent Market Solutions, LLC is to facilitate the relationship between carriers desiring to write coverage and IIANC member agents that are unable to receive company appointments due to volume commitments, location or other factors. The investment is carried at cost and the aggregate carrying amount of \$9,964 as of August 31, 2019.

2. <u>Investments (Continued)</u>

The Association invested \$100,000 in Series B Preferred Stock of Wave Insurance Technologies, Inc. (AVYST) during the year end August 31, 2017. The purpose of AVYST is to develop a proprietary technology platform to sell to the agent channel in the property and casualty insurance industry.

The Association invested \$42,308 in 8.25 units of IntellAgents during the year ended August 31, 2019. The purpose of IntellAgents is to connect insurers' systems with best-in-class Insurtech solutions, data and AI providers, and traditional software providers to promote rapid, profitable innovation.

3. <u>Fair Value Measurements</u>

The Organization follows Accounting Standards Codification (ASU) 820, *Fair Value Measurements and Disclosures*, as amended, with respect to fair value measurements of its financial assets. This standard defines fair value as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The standard also establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The hierarchy is broken down into three levels. Level 1 inputs are quoted market prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2019. There were no transfers or reclassifications between Level 2 or Level 3 during the year ended August 31, 2019.

Equity and fixed income securities are held in a brokerage account and valued at readily available, quoted prices in principal active markets that are considered to be representative of fair value. The Organization classifies these investments within Level 1 of the valuation hierarchy.

Investment in BIRC Stock, Independent Market Solutions, LLC, AVYST Series B Preferred Stock, and IntellAgents stock, all privately held companies, are valued at historical cost. The Organization believes that the carrying amount of these investments is a reasonable estimate of their fair value. The Organization classifies these investments within Level 3 of the valuation hierarchy. There were no changes in the value of these investments for the year ended August 31, 2019.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued)

In accordance with ASC 820, the tables below include the major categorization for assets on the basis of the nature and risk of the investments at August 31, 2019:
